

# September Newsletter 2016

## Welcome Back!

Dear friends,

As students are settling into the fall term, you may notice that children in your life are not thriving the way they should be in a mainstream school. Read on for the basics about our daily program, the Innovative Learning Center, that serves children and adults who may not have their needs met in an international or local school setting.

Our Facebook page is becoming a hub for informative and interesting articles relating to parenting, developmental, behavioral, and mental health issues. If you haven't "Liked" us already, please head over to [our page](#)! Not on Facebook? Don't worry, we have linked the most popular article of the month.

We've also included a simple activity for home. Make some all natural play dough this Golden Week with the simple recipe below.

Still not enough? Visit our website for more articles in our [blog](#), [service descriptions](#), and [staff profiles](#). Enjoy!
